DECLARATION OF TAMMY L. ROSADO

I, Tammy L. Rosado, declare as follows:

I am an employee of the law firm of Chapin & Huang, L.L.C. (Chapin & Huang) and have been a patent law secretary for 2 years.

- 2 -

I typically prepare, copy and sign correspondences to the U.S. Patent Office for attorneys on behalf of certain Applicants. When I prepare a correspondence to the U.S. Patent Office which has a Certificate of Mailing under 37 CFR §1.8, I sign that Certificate of Mailing prior to providing that correspondence to an attorney for completion. The attorney then signs the correspondence and gives the correspondence back to that me for submission to the U.S. Patent Office. I then (i) create a file copy of that signed correspondence for our file wrapper and (ii) deposit the signed correspondence with the U.S. Postal Service as first class mail addressed to the U.S. Patent Office.

In connection with the current case, I have examined the file wrapper and discovered a copy of a signed Amendment to an Office Action mailed on August 13, 2004. The Amendment included a Certificate of Mailing under 37 CFR §1.8 which was dated November 15, 2004 and which was signed by me. Accordingly, to the best of my knowledge and belief, the Amendment was deposited with the U.S. Postal Service as first class mail addressed to the U.S. Patent Office in accordance with 37 CFR §1.8 on November 15, 2004.

Moreover, to the best of my knowledge and belief, I have no reason to believe that the signed Amendment was not properly submitted on November 15, 2004. Rather, knowing the procedures for outgoing mail and my experience with them, I have reasonable basis to expect that the Amendment was deposited with the U.S. Postal Service on the date indicated.

- 3 -

All statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,

A handwritten signature in black ink, reading "Tammy L. Rosado", is written over a horizontal line.
